TOOLS, PLATFORMS & INTEGRATIONS.

**GOT
QUESTIONS?**

FREQUENTLY ASKED QUESTIONS.

How important is it to have a website?

Without a website, people may question your legitimacy as a business. Having a website is an opportunity to make a great first impression and give potential clients comfort that you're a real business.

What types of websites can you build?

We have a team of skilled developers who can create various types of websites to cater to your needs, such as basic brochure websites, portfolio websites to showcase your work, online stores to sell your products, and membership websites to provide exclusive access to members.

How much does a website cost?

The cost of a website varies depending on several factors such as the size, complexity, and features required. A simple website with basic functionality will be significantly lower than a more complex project. Contact our team today for a free, no obligation quote.

What if I have changes to the website after it is built?

Every website we develop comes with two sets of revisions included to cater for any changes you may want to add or change once we have sent the first revision over.

What sets us apart from other web designers?

Aside from a bespoke, pixel perfect website built, our team also cater for digital marketing, website maintenance, emails, photography and more. An all-inclusive solution and a one-stop shop to help simplify the entire process.

OTHER SERVICES WE OFFER.

Did you know our team also provide a range of services including:

- Social Media Management
- Google Ads / PPC Management
- Search Engine Optimisation (SEO)
- Web Hosting
- Domain Names
- Emails & IT Management
- Website Maintenance
